

Come catch up with your neighbours at the Marysville and Triangle Information Expo

The Marysville and Triangle Community Recovery Committee is having a community get-together and barbecue to celebrate our rebuilding and recovery achievements.

Since the devastation our community experienced last February we have been slowly getting back on our feet, with many positive projects and events helping to shape our future.

There will be a chance for everyone who comes along to catch up with neighbours and friends, hear about our progress to date and find out more about plans for the future. We will also have activities for the children.

Hear updates on:

- Marysville Heart Project
- the second stage of the Community Centre
- Taggerty and Narbethong projects
- the restoration of Steavensons Falls
- the Economic Leadership Group

And tour the brand new primary school and kindergarten.

When: Saturday 1 May 2010

Where: Gallipoli Park, off Falls Road, Marysville

Time: from midday til 4pm
